DEVELOPED BY TOPAZ DETAILING — THE WORLD STANDARD IN PROTECTIVE FILM SINCE 2009

— A NEW CATEGORY

THE MARKET GAP **NOBODY'S FILLING**

Protective film for interior surfaces is a multi-billion-pound market opportunity that's still largely untapped. While exterior protection dominates, the interior space — kitchens, bathrooms, commercial lobbies, hospitality venues — remains vulnerable.

T-Shield closes that gap with premium protective film systems designed specifically for high-traffic interior surfaces. It's not a commodity. It's a lifestyle upgrade.

— OUR AMBITION

EVERY PREMIUM INTERIOR DESERVES T-SHIELD PROTECTION

We believe that protective film for interior surfaces should be as standard as paint. We're building a franchise network to make that happen globally.

WHY NOW IS THE TIME

POST-PANDEMIC LUXURY

High-net-worth individuals are investing heavily in home upgrades. Premium interior protection is now a lifestyle expectation, not a luxury.

HOSPITALITY DEMAND

Hotels and restaurants are competing harder than ever on guest experience. Premium finishes with protection are a major differentiator.

COMMERCIAL GROWTH

Companies are investing in office environments. T-Shield makes high-touch surfaces look perfect for longer, reducing replacement costs.

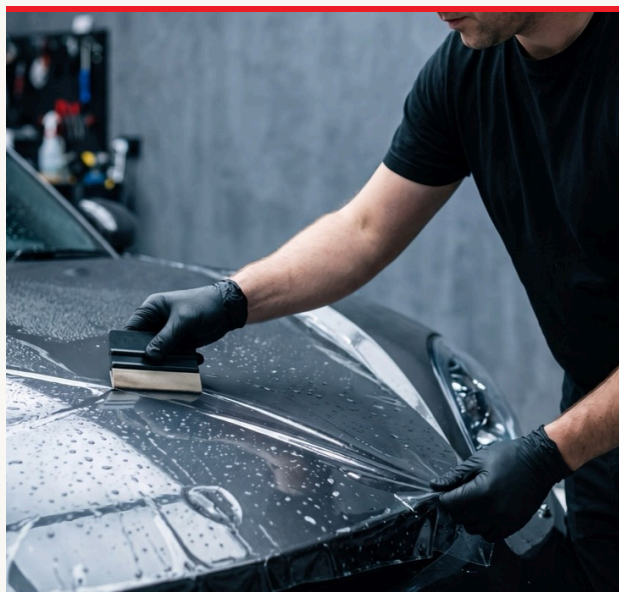

— OUR HERITAGE

HOW IT BEGAN

Topaz Detailing started in 2009 with a single mission: create the world's highest-standard protective films. What began as a boutique service for luxury automotive owners has evolved into a global standard.

We've protected millions of surfaces across 11 studios worldwide. We've trained hundreds of technicians. We've earned the trust of hospitality leaders, interior designers, and homeowners who demand the absolute best.

T-Shield is the next chapter. It's our expertise in film technology, combined with a franchise model that puts success in your hands.

— WHAT YOU GET

WHY TOPAZ STANDS APART

PROVEN TECHNOLOGY

Research and refinement since 2009. Millions of surfaces protected. We know what works. Our film systems are tested, refined, and proven in the most demanding environments.

COMPLETE TRAINING

We don't just hand you a franchise. We train you and your team comprehensively on application, sales, customer service, and business operations.

ONGOING SUPPORT

Dedicated account management, marketing resources, technical support, and continuous improvements. You're never alone in this.

— YOUR TERRITORY

EXCLUSIVE AND YOURS ALONE

Every T-Shield partner is granted a defined territory on a fully exclusive basis. No other T-Shield partner will be permitted to operate within it. Territories are allocated on population density and commercial potential, and availability changes as the network develops.

— REVENUE STREAMS

THE BUSINESS MODEL

INSTALLATION REVENUE

Charge premium rates for professional application. Average project: £2,500–£8,000+

MAINTENANCE PLANS

Recurring quarterly or semi-annual service agreements keep revenue flowing. High margin, predictable income.

WHOLESALE MARGINS

Supply film and products to designers, contractors, and builders at wholesale rates. Expand your reach without direct clients.

WARRANTY PACKAGES

Extended coverage plans add revenue and lifetime value. Every installation carries a five-year warranty that T-Shield, as franchisor, stands behind.

5

YEAR WARRANTY

— LONG-TERM CONFIDENCE

EVERY INSTALLATION IS BACKED BY A FIVE-YEAR WARRANTY — AND T-SHIELD STANDS BEHIND IT

Covering the integrity of the film and its installation — issued and honoured by T-Shield as franchisor, not by the individual partner. If required, the film can be replaced; the surface beneath remains protected.

SUCCESS FOUNDATION

IDEAL PARTNER

WHO IS THIS FOR

ENTREPRENEURS

You want to build a premium service business with recurring revenue. You're detail-oriented, sales-savvy, and ready to invest in quality.

DESIGN & CONSTRUCTION

You work with high-end designers, contractors, or builders. T-Shield is a natural add-on service that increases project value and customer satisfaction.

HOSPITALITY PROFESSIONALS

You manage hotels, restaurants, or luxury residences. You understand the value of premium finishes and want to offer this differentiator to your guests.

You have: sales ability, a customer service mindset, access to a local network, and capital to invest (£100,000–£150,000 initial investment). You're willing to learn and committed to excellence.

COMMON QUESTIONS

FREQUENTLY ASKED QUESTIONS

WHAT'S THE TOTAL INVESTMENT REQUIRED?

Initial franchise investment ranges from £100,000 to £150,000, depending on the size of your territory. This covers training, initial inventory, equipment, licensing, and working capital. We'll provide a detailed breakdown during your consultation.

HOW LONG IS THE TRAINING PROGRAMME?

Initial training is 2 weeks onsite at our headquarters. This covers technical application, business operations, sales, and marketing. After launch, you'll participate in quarterly workshops and have unlimited access to our technical support team.

WHAT'S THE FRANCHISE TERM AND RENEWAL?

Initial term is 10 years with renewal options. We review performance annually and provide support to ensure you hit profitability targets. Renewal terms are negotiated based on your track record and our mutual interests.

DO I NEED PRIOR EXPERIENCE WITH PROTECTIVE FILM?

No. We train you from the ground up. What we need is your commitment to excellence, sales ability, and willingness to learn. Many of our most successful Topaz automotive Paint Protection Film franchisees came from entirely different backgrounds.

IS MY TERRITORY EXCLUSIVE, AND WHICH ARE AVAILABLE?

Yes. Every T-Shield partner is granted a defined territory on a fully exclusive basis — no other T-Shield partner will be permitted to operate within it. We're currently offering franchises in the UK with plans to expand internationally; territories are allocated on population density and commercial potential, and availability changes as the network develops.

HOW PROFITABLE CAN A T-SHIELD FRANCHISE BE?

Profitability depends on your market, effort, and sales execution. Mature franchisees typically achieve EBITDA margins of 35-45% on installation revenue, with maintenance plans providing recurring, high-margin revenue. We'll share detailed projections during your consultation.

WHAT ONGOING ROYALTIES DO I PAY?

Royalties are 6% of gross revenue. This covers ongoing support, training, technology, and marketing resources. You'll also purchase inventory from us at wholesale rates, creating margin on retail sales.

— WHAT YOU ARE BUYING INTO

T-Shield is an optically clear film applied to hard interior surfaces. It absorbs the scratches, etching and dulling that daily life creates. When the film eventually reaches the end of its life it is removed, the original surface is revealed in preserved condition, and a fresh layer is applied.
